

About Us

Grace Center for Adult Day Services is a nonprofit organization committed to providing high quality services to senior citizens and adults with disabilities. We are the first certified adult day program in the State of Oregon and the only one operating in Linn, Benton, and Polk Counties.

In addition to providing comprehensive exercise and social model services, Grace Center offers respite and support for caregivers who need to balance work, family, and social obligations in their schedule.

However, it is our caring professional staff and quality care that distinguish our services.

Promoting Health with Dignity

Mission Statement

Grace Center is committed to providing comprehensive quality services to meet the adult day care needs in our community.

Vision Statement

Grace Center strives to become a model of excellence in adult day care services.

Core Values

Commitment: We are committed to providing the highest care to anyone who procures our services.

Dignity: We take pride in being stewards of human dignity.

Respect: We treat everyone with the utmost respect.

Trust: We earn and honor the trust of the community we serve.

adult day services.

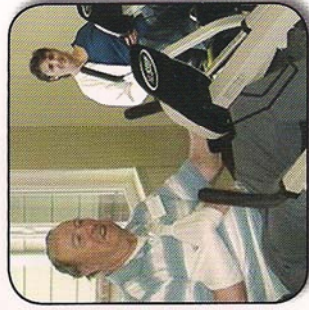

Promoting Health with Dignity

Programs

Our programs are based on two distinct integrated modalities: Exercise and Social Models. Together they contribute to improving the physical and mental abilities of our Participants.

Exercise Model

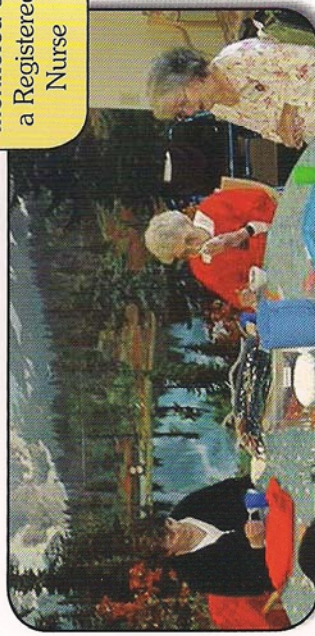

- Walking, movements, and exercise programs
- Chair yoga, Tai Chi, Qigong
- Flexibility and balance exercises
- Entertaining physical activities
- Specialized fitness and exercise equipment

Social Model

- Stimulating mental exercises
- Word games and puzzles
- Image recognition games
- Presentations and discussions
- Poetry writing

Both programs are monitored by a Registered Nurse

Special Activities

Grace Center also provides a variety of special activities to foster enjoyment, relaxation, and cultural and artistic stimulation:

- Music
- Singing and dancing
- Live entertainment
- Movies
- Field trips
- Gardening

Additional services such as massage therapy and counseling are also available. Grace Center strives to improve the quality of experience of all the Participants in its programs.

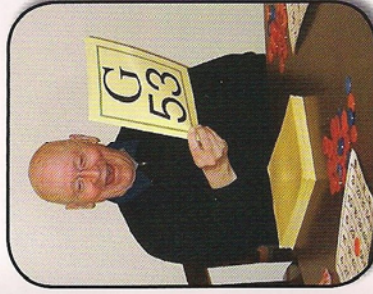

Testimonials

"I like the exercise and walking program. After my accident, Grace Center's ambulatory made it possible for me to walk again."

"The doctor and I feel Grace Center has been great therapy for my husband. It also gives me a break so I can go out for lunch with friends and do errands without worrying about him."

"At Grace Center my mom has really blossomed. She has resumed her artwork, and the exercises have helped her become stronger. Mom has friends again, and it's been a long time since she was so social."

"Grace Center provides a safe, welcoming place for Mom while I work. The Center helps us deal with her Alzheimer's."
